I hope that everyone is having a peaceful New Year

It is time to begin the 3rd term, which will bring the conclusion of this year. In the 3rd term as well, we will continue to cultivate the students' rich sensibility by taking in the studies emphasizing the importance of traditional Japanese culture such as the *Sekisyuokai*, *Hyakunin Isshu* Tournament, Traditional Game Assembly, and the Japanese Instrument Experience.

Additionally, as this will be the concluding term for each grade, the faculty will strive to give a greater sense of completion to the students' school life in both their studies and daily activities.

Thank you for your understanding and support of our school's academic activities in the 3rd term.
