A New Term Starts with Cheerful Greetings

Principal Terumi Aketagawa

As Nanzan ES is bathed in soft spring sunlight, the curtain opens on the school's 142nd year. Congratulations are in order for students entering the school, and to those advancing to the next grade. With 5 English Support Course students, we are welcoming 45 new Grade 1 students, who will split into 2 classes same as last year, and we will start the year with a total of 8 classes. It will be the second year of English Support Course Curriculum, which makes the school even more international.

As the Minato City Board of Education Research Pilot School, a curriculum for connecting kindergarten and elementary school was formulated for last year, and this year as well the first four weeks after entering school will be devised and conducted based on the Nanzan ES original Start Curriculum, which aims to smoothe transition from kindergartens and nursery schools. The upper graders and the school faculty will strive for a secure start for both new grade 1 students and their parents and guardians.

Let's start the new term with cheerful and vigorous greetings and smiles while turning over a new leaf. Greetings create a heart to heart communication s.

With having 『あ・い・さ・つ・え・き』 as our slogan, and knowing the Importance of communication, we would like to nurture kind and caring children who respect the good qualities of others. Your understanding and cooperation in our academic activities this year will be greatly appreciated.
